

BERINN RAE

Romantic SF/F Novelist

Berinn Rae writes romantic science fiction/fantasy about extraordinary women with kick-assitude. Her Guardians of the Seven Seals series follows mythical creatures we believed in as children, only to be forgotten as we aged. When not writing, she can be found flying old airplanes, watching SciFi movies, playing RPGs, and pampering an incredibly spoiled sixty-pound lap dog. Find out more at www.BerinnRae.com

She is a member of the Romance Writers of America (RWA).
